

NONCOMMERCIAL RESEARCH AGREEMENT AND LICENSE FOR NONPROFIT ENTITIES

FOR THE USE OF mNEONGREEN

Allele Biotechnology & Pharmaceuticals (“Allele”) agrees to distribute, and the LICENSEE agrees to use, mNeonGreen (“mNG”) under the following terms and conditions.

The LICENSEE, a noncommercial entity, agrees to use mNG for the specific purpose of noncommercial research activities. Should the use of mNG result in one or more scientific publication(s) the LICENSEE should acknowledge in the paper(s) that the material was provided to you by Allele, and should reference the original publication (Shaner et al., *Nature Methods* 2013). The LICENSEE also agrees to make any published material (plasmid) derived from mNG available to the Allele plasmid depository. Plasmids housed in the Allele plasmid depository will be made freely available to noncommercial licensees subject to the terms of this Agreement and any additional material transfer agreements required by the LICENSEE. All post-publication requests to the LICENSEE for derived plasmids must be (1) handled through the Allele depository (preferred), or (2) referred to Allele for mNG licensing prior to material transfer directly from the LICENSEE to the requestor.

Purpose: _____

LICENSEE: _____

Organization: _____

Address: _____

The LICENSEE agrees and fully understands that the Agreement does not grant the LICENSEE any rights to (i) distribute or make available any material containing mNG, (ii) offer mNG or any component, derivative, or modification thereof for resale, or (iii) use mNG for commercial purposes. Unless specified herein or specifically authorized by Allele, this Agreement applies to a single laboratory, and material may not be distributed to any other individual or laboratory within the LICENSEE's host institution or department.

The LICENSEE shall be responsible for the care and control of mNG.

mNG is experimental in nature and must be used with prudence and appropriate caution, since not all of its characteristics are known. mNG IS PROVIDED WITHOUT WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY OTHER WARRANTY, EXPRESS OR IMPLIED. The material cannot be used for any work on human subjects, including diagnostic testing.

The terms of the Agreement will commence upon registration of the LICENSEE information thereof. Allele shall not assume any liability for any claim asserted against the LICENSEE by any party for the use of the mNG by the LICENSEE.

Allele takes all possible measures to ensure the appropriate protection of all personal information.

- Maintaining an accurate record for providing service and appropriate information
- Ensuring future communication including newsletter and surveys
- Basic marketing purposes and to generate marketing data
